PRINCIPAL'S REPORT

As this is my last newsletter I want to take the opportunity to thank the whole of the Forbes North Community for all the positive feedback that has been given to me in my relieving role as Principal. I have thoroughly enjoyed the last 7 months and have enjoyed the learning experience. Sometimes it has been challenging with learning new systems in LMBR but rewarding to know that these changes are positive.

WEEKLY CALENDAR – TERM 4, WEEK 10

Tuesday 12th Dec	K-2 Class Parties Digi Ed Workshop
Wednesday 13th Dec	3-6 Class Parties Final school banking day
Thursday 14th Dec	
Friday 15th Dec	LAST DAY OF SCHOOL

2018

Tuesday, 30th January	SCHOOL RESUMES FOR ALL STUDENTS INCLUDING KINDERGARTEN
Tuesday, 6th February	LINK UP STARTS

Presentation night was a wonderful night and I want to congratulate all the students, not just the award recipients but the whole student body for all their hard work throughout the year. It would be nice if everyone was able to receive an award but, the reward should be recognising one's own improvement and knowing that you are better than you were at the beginning of the year.

I would like to acknowledge the sporting efforts of Emily Molloy and Abby Nolan-Hodges. These girls were unfortunately missed at last night's presentation evening. The girls both went away for state soccer and will be rewarded with a medal for their efforts. My apologies for the oversight girls.

I want to thank all the staff for their support throughout the year. Working collaboratively ensures everything goes smoothly and that the best outcomes for students are achieved.

Have a very merry Christmas and see you all again in the New Year.

Students return to school Tuesday 30th January 2018

STOP PRESS! HELP! Teachers at FNP are faced with a dire challenge: to defeat their students in a game of netball! PARENT VOLUNTEERS NEEDED!!!! Game on Friday morning, last day of school, 9.30am. Fitness not required as we have rolling subs – come on and off as you wish. Call the school if you want to play and join us for some good fun with an awesome bunch of kids!

Radio Program: It's the last week of school with many exciting things happening including our last radio program for the year. So please tune in to 2LVR this afternoon from 5pm to 6pm to listen to our fantastic program which has been a wonderful experience for our students throughout the year.

Angus's Amazing Climate Challenge to Elon Musk

My name is Angus. I'm 11 years old, I live in the bush in Australia and I would like to be an astronaut when I grow up. I recently watched Elon Musk talk about climate change on Youtube and I have learnt about Global Warming at school. Climate change is real and it affects everyone on our planet. Our planet needs carbon removed from the atmosphere or the future won't be good. My Dad is part of a soil carbon research institute trying to find a way to do just this. They are researching ways soil can 'soak up' this excess carbon. I reckon Elon Musk is an amazing man and I reckon he would want to help, dont you?

Please help me contact Elon Musk with my 'AMAZING' Climate Challenge by signing my petition in the link: <https://www.change.org/p/angus-s-amazing-climate-challenge-for-elon-musk>

Merry Christmas
